**"WE PLAN TO MOVE TO CRETE, THANKS TO A PLACE IN THE SUN LIVE"**

Bill Siddons and Delia Pluckrose visited *A Place in the Sun Live* in April to follow up their dream of retiring to the South of France.

But after browsing the stands, they left the show with a new plan – to move to Crete!

"I'd never been to Crete – despite 24 years serving with the RAF around the world – but Delia knew the island and liked it," said Bill, a prison officer.

Shortly after the show, Bill and Delia, an administrator, flew to Crete and reserved a new three-bedroom villa in Litsarda.

The property includes a self-contained lower ground floor, which they intend to make into two more bedrooms.

The couple paid developers Caversham Barnes €379,000 (£296,740) for their future home, and are financing it by selling their two houses in Cambridgeshire.

"We loved the location, the low-density nature of the development, and the proximity of the unspoilt, tourist-free village," says Delia. The couple can't wait to move there for good.

"Our move to Crete will mean a lower cost of living and an improved lifestyle in a brand-new home with no mortgage!"
